**SNACKS** is a mural that invites you to enjoy the Guggenheim Museum Bilbao with cloud-shaped bubbles where you will find ideas for interacting with the artworks in the Permanent Collection.

Some clouds also let your imagination fly and make **SNACKS** something of your own to decorate your home with.

Climb into the glass capsules and... enjoy the triumphal Atrium from the gangways.

GLASS  
STONE and  
TITANIUM  
Look for corners where you can touch all three main materials of the Guggenheim Museum Bilbao at the same time.

JENNY HOLZER

I imitate the one who goes 1st, I wander in and out between columns, my body changes, I'm blue on the inside and red on the outside, the artwork changes me and I change the artwork.

RICHARD SERRA

An ant's steps and an elephant's tracks will help you discover our elegant Museum's "SNAKE".

TULIPS

Look for the reflections in their mirrors and the world around you will change color.

JEFF KOONS

Color us in and give us our full splendor.

LOUISE BOURGEOIS

Play with "MOMMY" at:  
- the 8 little legs  
- hunting the eggs  
- finding out how strong she is!

My eggs have hatched. Will you draw my baby spiders?
